December 7, 2022

To the School Board and citizens of Independent School District No. 192:

INTRODUCTION

We are submitting the Annual Comprehensive Financial Report (ACFR) of Farmington Area Public Schools, Independent School District No. 192 (the District) for the fiscal year ended June 30, 2022.

The Farmington Area Public Schools is an outer ring suburb of the Twin Cities, covering approximately 82 square miles. The enrollment projections for 2023-24 through 2025-26 is consistent with 2021-22 enrollment of roughly 6,900 students. The age of the eleven school facilities range from 1913 to the most recent construction of a new high school in 2009. Seven of the eleven buildings were built after 1988. Over the past years, there have been classroom additions added to four sites.

Generally accepted accounting principles require budgetary reporting at the legal level of control, which is the level beyond which a budgetary head has no authority to further modify the budget. In many cases, budgetary heads do have the authority to modify budgets by moving amounts around or moving budgeted amounts from one program to another. The Farmington Area Public Schools uses bottom-line budgeting. The total General Fund expenses for the 2021-22 school year were \$89,453,801 which was 1.3% over what was projected.

This report fairly presents the District's financial position and results of operations and cash flows in accordance with national and state standards. The District is responsible for its contents and has made every effort to ensure the accuracy and completeness of this presentation. An independent firm of certified public accountants audits this report.

REPORT FORMAT

This Annual Comprehensive Financial Report is presented in three sections: introductory, financial and statistical. The introductory section includes this letter of transmittal, an organizational chart and a list of School Board members and administrative personnel. The financial section includes the independent auditor's report, Management's Discussion & Analysis (MD&A), basic financial statements and the combining and individual fund statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year comparative basis.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A of the District can be found immediately following the report of the independent auditors.

FEDERAL SINGLE AUDIT AND STATE COMPLIANCE AUDIT

The District is required to undergo an annual single audit in conformity with the provisions of the Uniform Guidance. The District is also required to undergo an annual Minnesota State legal compliance audit under *Minnesota Statutes* 6.65. Independent auditor reports and a Schedule of Expenditures of Federal Awards are included in a separately issued document. This report contains no significant findings or questioned costs.

REPORTING ENTITY AND ITS SERVICES

The legal name of the District is Independent School District No. 192 and is often referred to as Farmington Area Public Schools. The financial reporting entity includes all the funds of the primary government (the District). Component units are legally separate entities for which the District (primary government) is financially accountable. There are no organizations considered to be component units of the District.

The District provides a full range of public education services appropriate to grade levels ranging from pre-kindergarten through grade 12. These include regular and enriched academic education, special education for exceptional children and vocational education. Food service and transportation are provided as supporting programs. The District's community education program includes early childhood and extended day programs, along with a variety of classes for lifelong learning experiences for children.

The District serves all or parts of the communities of Farmington and Lakeville and the townships of Empire, Castles Rock and Eureka in Dakota County. The District enrolled 6,866 students in 2021-2022 from a population of 37,595 citizens residing within the District.

The District is organized as a political subdivision of the State of Minnesota and is governed by an elected six member School Board. The School Board has the power and duty to set budgets, certify tax levies, issue debt and perform other tasks necessary to the operations of the District. The District is subject to the general oversight of the Minnesota Department of Education. This oversight generally includes an approval process that reviews compliance to standards enacted by legislative mandate. During 2021-2022, the District operated one high school, two middle schools, five elementary schools, an Instruction Services Center and the District Service Center. The instructional program is organized on the basis of K-5, 6-8, and grades 9-12.

LOCAL ECONOMIC CONDITION AND OUTLOOK

The District is dependent on the state of Minnesota for its revenue authority with exceptions for the voter approved operating and bond referenda. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation. The State General Education Basic revenue formula provides approximately 64.6% of General Fund revenue. Since 2009 the Basic per pupil revenue formula has increased by an average of only 1.49% per year.

As the economy struggles with a global pandemic, the enrollment growth in the District remains stable after an initial decline due the COVID-19.

STRATEGIC PLANNING AND MISSION STATEMENT

In December 2006, the District conducted a comprehensive strategic planning process. The plan is revisited every two years by a group of administrators, teachers, staff, parents and community members to measure progress, refine action steps, and continue the implementation process. This process was last completed the summer of spring of 2021. The District's refined belief statements, mission statement and strategies are summarized as follows:

District Belief statements

We Believe That:

- Each person has the capacity and desire to learn.
- Each person has inherent, immeasurable worth.
- All people develop best through personalization.
- Each person deserves respect.
- The well-being of future generations depends on us.
- We are stewards of Earth's natural resources.
- Communities thrive when all individuals are engaged.
- Each person is responsible to serve one's community
- Mutual communication is vital to relationships.
- Each person is obligated to do one's best.
- Curiosity ignites learning.
- Human diversity enriches both the individual and community.
- Integrity is crucial to trust.

Mission Statement

The mission of Farmington Area Public Schools, a student centered culture that radiates a dream of an entirely new educational world, is to ensure each student continuously achieves one's highest aspirations while demonstrating responsibility to communities through a system distinguished by:

- Passion for continuous growth
- Humanitarian purpose
- Personal reflection which gives meaning to learning
- Individual empathetic agency
- Radical trust in self and others

Guiding Principles

- Does it advance our strategic plan?
- Does it honor agency?
- Does it leverage the strengths of the learner?
- Does it cultivate the learner?
- Does it ignite the application of learning?
- Does it ensure equity?
- Does it protect the well-being of the learner?

STRATEGIC PLANNING AND MISSION STATEMENT (CONTINUED)

Objectives

- All learners possess the capacity and resiliency to create opportunities and master challenges
- All learners continuously achieve their academic and personal goals
- Each learner leads beneficial change locally and globally

Strategies

Strategy #1:

- We will cultivate a holistic education system that unifies community members, parents, staff, and students.
 - Purpose Statements:
 - We design and nurture educational spaces that are beneficial for each and every learner.
 - We will build trusting relationships by validating each person's cultural identities and personal narratives.
 - We will leverage learners' strengths to cultivate and honor multiple pathways to success.
 - We will prioritize professional learning and growth in cultural responsiveness so our diverse learners, staff and families feel safe and supported.
 - We will create a system that draws, supports and retains the most qualified staff that reflects the increasing diversity of our community.

Strategy #2:

- Our system's dynamics will be distinguished by adopted guiding principles.
 - Purpose Statements:
 - Equity for all learners is ensured by addressing barriers, creating a culture of advocacy and prioritizing accessibility.
 - The wellbeing of the learner is protected by honoring their voices and creating a safe and respectful environment.
 - Learners have opportunities that honor their agency and build trust.
 - There will be regular opportunities for learners to engage in authentic and purposeful experiences that ignite the application of learning.

Strategy #3:

- We will ensure the individual agency conducive to student driven learning.
 - Purpose Statements:
 - Educators partner with learners to make intentional learning choices and support them at each stage of the learning process including setting goals, initiating action toward goals, reflection and revision.
 - In a competency-based system, learners focus on demonstrating skills, articulating what they are learning, and why they are learning it.
 - Discussions and collaborations at all levels reflect on progress and growth.
 - Learners take risks to have enhanced experiences where the results may be different from expectations and are necessary for growth.
 - Learners collaborate and communicate across communities to engage in rich, real-world learning experiences motivated by their passions and interests.

STRATEGIC PLANNING AND MISSION STATEMENT (CONTINUED)

Strategies (Continued)

Strategy #4:

- We will exude a presence that exhibits our uniqueness and indispensability.
 - Purpose Statements:
 - We foster meaningful and trustworthy relationships creating personal connections among students, families, staff and the greater community.
 - We acknowledge each individual's differences, hardships, and advantages by ensuring they are an integral element of a united learning community.
 - We innovate to honor all voices, inspire curiosity and encourage risk.

Strategy #5:

- We will give knowledge meaning.
 - Purpose Statements:
 - Learning experiences are tailored to each learner's applicable strengths, needs, and/or talents.
 - Opportunities are provided for collaborative learning experiences through projects, mentoring, and exposure to diverse thinking.
 - Educators are supported and encouraged to explore new learning methodologies that will help learners excel in the classroom and community.
 - Our community will create and encourage a collaborative approach to competency-based learning experience with meaningful evidence and relevant skills.

STUDENT ASSESSMENT AND TESTING

Student academic growth and achievement in Farmington Area Public Schools is measured by various assessments, including federally mandated state assessments, NWEA-MAP tests, Pre-ACT, ACT and numerous classroom assessments. Results from these assessments are used to monitor individual student progress as well as building and district curriculum.

State Standardized Tests – The MCAs and ESSA

All students in Minnesota public schools are required to take either the Minnesota Comprehensive Assessments (MCA) or the equivalent Minnesota Test of Academic Skills (MTAS) in Reading (grades 3-8 and 10), Math (grades 3-8 and 11) and Science (grades 3, 5 and once in high school). The MCAs are criterion referenced tests that measure student achievement with respect to the state standards in each grade for that subject.

Staff in each school have high expectations in the classroom, which are reflected in the annual school goals. Schools examine and analyze many forms of student achievement data and write goals specifically based for student progress.

STUDENT ASSESSMENT AND TESTING (CONTINUED)

State Standardized Tests – The MCAs and ESSA (Continued)

Trends:

Farmington Public schools continue to rebound from the impact of the global Pandemic that has impacted both the participation and results of state mandated standardized testing. Overall, scores and participation rebounded somewhat in the second full year back in the classrooms, but not to pre-Pandemic levels. Compared with 2020-21 the percentage of our learners meeting or exceeding proficiency rates improved 3.6% in math and dropped 5.6% in reading. For purposes of comparison, proficiency rates for the state of Minnesota increased 1.4% for math and dropped 2.5% for reading over the same period. At least 13% more students participated in all three MCA/MTAS subjects during the 2021-22 testing cycle when compared with 2020-21 participation.

Even with this rebound, we still had significant numbers of students that did not test with opt-out rates of 14.8% for Math, 11.7% for Reading, and 23.6% for Science. Opt-out rates were generally less than 3% for among our eligible elementary school students returning to similar pre-Pandemic levels. Our middle- and high-school opt-out rates remained well above 2018-19 levels even though they significantly improved over 2020-21 levels. The participation levels do need to be considered a factor in our overall MCA/MTAS proficiency calculations.

ACT results followed the state and national trends by registering lower average composite and subject scores than last year across the board. One positive note was that the 90% of the graduating class of 2022 participated while only 67% of last year's class took the ACT. We had to offer the previous class the opportunity to take a school day ACT exam during the fall of their senior year instead of their normal offering (Spring of Junior year) due to COVID-related testing cancellations. Overall our ACT top score average composite score of 19.3 trailed the national average by .5 points and the state average by .7 points.

District Administered Standardized Tests – NWEA MAP Growth

Farmington Public Schools uses NWEA MAP Growth for grades 2 thru 8 to measure student growth from season to season and year to year. Participation was back to pre-Pandemic levels for MAP Growth participation. Using fall-to-spring growth data we saw 49.5% and 50.4% of students met or exceeded math and reading growth goals respectively from fall of 2021 to the spring of 2022. The percentage of students meeting math fall to spring growth goals increased by 2% last year and even exceeded the last (2018-19) pre-Pandemic fall to spring growth by 1.6%. The percentage of students meeting reading fall to spring growth goals increased by a whopping 5% from the 2020-21 to 2021-2022 school year.

MANAGEMENT SYSTEMS AND CONTROLS

The District is committed to developing, maintaining and improving effective management systems and controls. The District makes conscientious efforts to employ highly qualified employees through active recruitment and interview processes. Continuing professional education opportunities are provided to employees and supervisors are encouraged to provide imbedded professional development activities as a means to ensure that an environment of continuous improvement is fostered. Operations are annually evaluated to assure they function effectively and provide appropriate levels of supervision and segregation of duties. The District has documented its processing, recording and reconciling activities as it relates to financial activities with an internal control questionnaire. The documentation denotes responsibility levels, reporting requirements and timeliness of reconciliation activities.

MANAGEMENT SYSTEMS AND CONTROLS (CONTINUED)

Budget and Financial Management

The District's budget and financial management practices include the following:

Budget Timeline – Provides a timeline for the major processes related to the preparation, approval, execution and review of the District's fiscal year financial budget. The budget process includes the following activities:

Budget Planning – The District utilizes a five year financial planning model. The model includes an enrollment projection component. Funding and expenditure assumptions are built into the model which provides a detailed analysis of revenue and expenditure trends and fund equity. The model is updated and or revised as projections become actual audited numbers and assumptions become known facts.

Budget Preparation – The budget preparation cycle occurs during the 12 months prior to the District's upcoming fiscal year, which begins on the following July 1. Major processes during the budget preparation cycle include enrollment projections and the development of revenue and expenditure assumptions. Enrollment and other data are submitted to the State to generate both the local property Tax levy as well as state and federal aid entitlement amounts for the upcoming year. Allocations of district resources to the various expenditure categories are based upon budget parameters and district priorities as included in the District's Strategic Plan. Recommendations and actions taken by the administration and the School Board during the budget cycle are included in the completed budget document. A preliminary financial and operation budget document is then submitted to the School Board for review and subsequent approval prior to July 1.

Budget Approval – The School Board is required by *Minnesota Statutes* to adopt a preliminary budget prior to July 1. During the 12 month period that the budget is in place, the administration is directed to update the budget to reflect changes that have taken place after the original approval of the budget occurred. The adopted budget is typically revised to reflect enrollment changes, grant awards, employee contract settlements and changes in estimates and projections that may have occurred since the budget was originally approved. The School Board receives periodic budget updates during the fiscal year.

Budget Review – During the fiscal year and at year-end, the actual financial results are compared to the budgeted amounts. Significant variations are investigated to determine if subsequent financial projections should be adjusted. In addition, as several state aid formulas are not finalized until state-wide data is available, the District's administration is constantly reviewing historical and current data and trends to further refine its projection model for future budget cycles.

Finance Committee – The District has established a finance committee that consists of administration, School Board, staff, parents and community members. This committee reviews district financial data and provides input for budget considerations to the administration.

FINANCIAL REPORTING

This is the fourteenth year the District has prepared an Annual Comprehensive Financial Report. The District was awarded a Certificate of Excellence in Financial Reporting from the Association of School Business Officials International for their 2021 Annual Comprehensive Financial Report.

The District did implement GASB Statement No. 74 and No. 75. GASB Statement No. 68 is an all-encompassing and sweeping change to financial reporting requirements for governments. Public school districts are required to report liabilities for future pensions that are provided through pension plans administered as trusts or equivalent arrangements. New this year is the implementation of GASB 87 related to lease accounting.

ACCOMPLISHMENTS

Our district continues to be a national leader in work around creating a student centered learning environment. Over the past five year the district has hosted staff from over 150 school districts and other educational organizations.

We continue to grow as a community, have a strong financial position and strive to meet the needs of every student where they are at in their educational path.

ACKNOWLEDGEMENTS

The preparation of this report could not have been accomplished without the efforts of the District's Finance Office staff in providing complete and accurate data for this report. We would also like to express our appreciation to the School Board for their interest and support in planning and conducting the financial operation of the District in a responsible manner.

Respectfully submitted,

Jane A. Houska
Director of Finance

Independent Auditor's Report

To the School Board
Independent School District No. 192
Farmington, Minnesota

Report on the Audit of the Financial Statements

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 192, Farmington, Minnesota, as of and for the year ended June 30, 2022, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 192, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Independent School District No. 192 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Implementation of GASB 87

The District has adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The management of Independent School District No. 192 is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter, and Required Supplementary information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information identified in the Table of Contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and is also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Independent School District No. 192 Management's Discussion and Analysis

This section of the District's annual financial report presents a discussion and analysis of the District's financial performance during fiscal year ended June 30, 2022. Please read it in conjunction with the financial statements that immediately follow this section.

The MD&A is an element of required supplementary information specified in the GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments*, issued in June 1999. Certain comparative information between the current year (2021-2022) and the prior year (2020-2021) is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

- The District's net position increased \$16 million from current year activity ending the year at \$(27.6 million).
- The School Board approved the sale of \$6 million of General Obligation (G.O). Taxable Other Post-Employment Benefits (OPEB) Bonds in March of 2009, which was half of the amount needed to fund the \$12 million liability at the time. As of June 30, 2022, the District currently has a net OPEB liability of \$15,091,084.
- The General Fund net change in fund balance decreased by \$987,966, with an end of year balance of \$20.5 million.
- The Special Revenue Funds, which include Food Service and Community Service Funds, ended the year with fund balances of \$1,786,216 and \$770,483, respectively.
- The Capital Projects Fund reflects the spend down of the 2015 Facilities Bonds, related expenditures for building remodeling and renovation projects of \$5,190,092 and revenue of \$5,896 resulting from investment interest.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts: Independent Auditor's Report, required supplementary information, including the MD&A, the basic financial statements, and supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short-term as well as what remains for future spending.

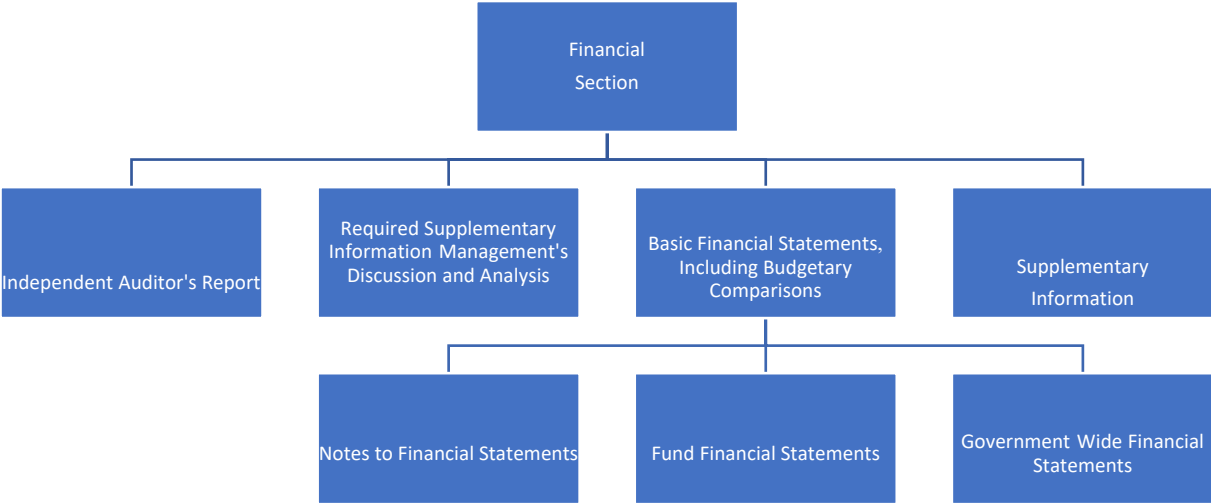

**Independent School District No. 192
Management's Discussion and Analysis**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.
- Proprietary fund statements provide information about the District's self-insured medical and dental internal service funds.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Statements

The Government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or declining, respectively.
- To assess the District's overall health, one needs to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements, the District's activities are divided into two categories:

- **Governmental Activities:** Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- **Business-Type Activities:** The District charges fees to help it cover the costs of certain services it provides. For fiscal year 2021-22, none of the District's financial activities were included in this category.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds, not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as federal grants).

**Independent School District No. 192
Management's Discussion and Analysis**

FUND FINANCIAL STATEMENTS (CONTINUED)

The District has three kinds of funds:

- **Governmental Funds:** Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can be readily converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations are provided between the governmental funds and the government-wide statements, which do present a long-term focus.
- **Fiduciary Funds:** The District is the trustee, or fiduciary, for assets that belong to others such as the Agency Fund. In fiscal year 2009, the District established the Post-Employment Benefits Irrevocable Trust Fund. This Fund was funded by the bond proceeds issued to fund the District's OPEB obligation. Payments due to employees will be paid out of the General Fund and are reimbursed by this Trust Fund. The District cannot use these funds to finance operations.
- **Proprietary Funds:** Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide statements. The District uses internal service funds to report activities that provide supplies and services for its other programs and activities. The District currently has two internal service funds; the Self-Insured Dental Fund and Self-Insured Medical Fund.

Management's Discussion and Analysis**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

**Figure A-5
Sources of Revenue
Fiscal Year 2021-2022**

As you can see Figure A-5, state aid, operating grants and contributions, and property taxes accounted for most of the District's revenue, with state aid representing 47%, operating grants and contributions 20%, and property taxes 25%. The remainder comes from fees charged for services and other sources.

**Figure A-6
Expenses
Fiscal Year 2021-2022**

**Independent School District No. 192
Management's Discussion and Analysis**

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

The major category of District's expenses is related to instructing students. Figure A-6 indicates the breakdown of the total expenses on a percentage basis. The direct instruction categories of expense, which include regular instruction, vocational instruction, and special education instruction, represent approximately 54% of the total expenses. The expenses for sites, buildings, and equipment amount to 8% and interest and fiscal charges on long-term debt amount to 4% which reflect costs for a building program designed to meet increasing enrollment each year. The indirect categories of instructional and pupil support (which includes student transportation) amount to about 12% and administration and District support services combined represented 6% of the total expenses for the year. Other major categories of expense included food service, community service, and unallocated depreciation.

GOVERNMENTAL ACTIVITIES

The District continues to invest in instructional improvements, while making reductions in those areas that do not directly affect the instructional setting.

The negative net position balance of the District is the result of debt service scheduled payments that will become positive as years progress and larger principal payments are made. The payments for the principal will come from future tax levies.

Figure A-7 represents the total cost of the District's functions and programs. The table also shows each function and program's net cost which represents the total cost less fees and intergovernmental aid provided for specific programs. The net cost shows the financial burden placed on the state and local taxpayers by each of these functions and programs.

**Figure A-7
Net Cost of Governmental Activities**

	Total Cost of Services 2021-2022	Net Cost of Services 2021-2022	Total Cost of Services 2020-2021	Net Cost of Services 2020-2021
Administration	\$ 3,212,056	\$ 3,212,056	\$ 3,508,185	\$ 3,506,298

Independent School District No. 192 Management's Discussion and Analysis

GOVERNMENTAL ACTIVITIES (CONTINUED)

The cost of all governmental activities this year was \$104,892,893.

- The users of the District's programs through fees and other charges financed \$5,439,048, or 5.2%, of the cost.
- The federal and state governments subsidized specific programs with grants and contributions totaling \$27,269,188, or 26%, of the cost.
- State and local taxpayers, however, financed the majority of the costs. State aid and local property taxes as determined by the State Legislature through the state-wide funding formulas, amounted to \$57,078,286 and \$30,209,765, respectively, for a total of \$87,288,051, or 83.2%, of the District's total costs.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported combined fund balances of \$30,348,842.

The General Fund operations of the District showed a slight decrease in our unassigned fund balance of \$2,617, which is immaterial. The District's operating capital showed an increase of \$588,189 due to being conservative in our spending.

The Debt Service Fund operations showed a fund balance increase of \$113,388.

The Capital Project Fund showed a decrease in fund balance of \$5,184,196 resulting from the continued renovation of the Tiger Legacy and Learning Center, addition of tennis courts at our high school and expenditures related to the completion of projects listed in our November 2015 Building Bond election and issuing .

GENERAL FUND BUDGETARY HIGHLIGHTS

Revenue – Actual General Fund revenue was \$465,227 more than the projected budget. Of this total, revenue from the sales and other conversion of assets was more than projected. The original budget was amended during the year for known changes in funding estimates.

Expenditures – Actual General Fund expenditures were \$1,133,016 over budget. Although the variance is comprised of numerous items, the main areas were Special Education instruction and Sites and Buildings. Due to the challenges of hiring Special Education staff at our intermediate, we needed to provide the services within our own district causing additional costs in staff and benefits. For Sites and Buildings there were projects that developed throughout the year we needed to address. The original budget was amended during the year for known changes in current year obligations.

**Independent School District No. 192
Management's Discussion and Analysis**

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2022, the District had invested \$306,275,674 in a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment and administrative offices (See Figure A-8 on the following page). Depreciation expense for the year was \$9,324,005 with total accumulated depreciation amounting to \$133,673,283 (more detailed information for capital assets can be found in Note 3 to the financial statements).

**Figure A-8
Capital Assets**

	Governmental Activities		Percentage Change
	2021-2022	2020-2021	
Land	\$ 14,109,141	\$ 14,109,141	0.00%

Independent School District No. 192 Management's Discussion and Analysis

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time, these financial statements were prepared and audited, the District would like to note existing circumstances that could affect its financial health in the future:

- The District sold \$6 million of G.O. Taxable OPEB bonds in March 2009. This amount was half of the amount required to fully fund the actuarial liability.
- The Legislature has added \$135, or 2 percent per pupil, to the formula for fiscal 2023 but left more than \$9 billion dollars on the table at the end of our last legislative session for the next administration to figure out. Recent experience demonstrates the legislated revenue increases have not been sufficient to meet instructional program needs, due to increased costs from inflation and required mandates. Additionally, at the State and Federal level, they continue to underfund our Special Education needs.
- The global pandemic, COVID-19, continues to cause uncertainty in our economy, our state and our education system.
- The district continues to see residential growth within its boundaries. With several developments opening in the next fiscal year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Finance (phone number 651-463-5043) at the District Service Center for Farmington Area Public Schools located at 20655 Flagstaff Ave, Farmington, Minnesota 55024.

Farmington

AREA PUBLIC SCHOOLS

**Independent School District No. 192
Reconciliation of the Balance Sheet of Governmental
Funds to the Statement of Net Position
June 30, 2022**

Total fund balances - governmental funds \$ 30,348,842

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in governmental funds.

Cost of capital assets	306,275,674
Less accumulated depreciation	(133,673,283)
Leased assets	458,722
Less accumulated amortization	(91,744)

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:

Bond principal payable	(134,380,000)
Unamortized bond premium and discount	(6,122,080)
Deferred charge on refunding	(787,346)
Lease liability	(372,912)
Finance purchase from direct borrowing	(834,110)
Compensated absences payable	(779,527)
Net OPEB liability	(15,091,084)
Net pension liability	(37,184,464)

Deferred outflows of resources and deferred inflows of resources are created as a result of various differences related to pensions that are not recognized in the governmental funds.

Deferred outflows of resources related to pensions	23,530,215
Deferred inflows of resources related to pensions	(59,801,819)
Deferred outflows of resources related to OPEB	1,731,344
Deferred inflows of resources related to OPEB	(2,305,250)

Delinquent property taxes receivables will be collected in subsequent years, but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the funds.

505,354

The self insured medical and dental internal service funds are used by management to charge the costs of the self-insured plans. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position and interfund activity is removed.

3,098,702

Governmental funds do not report a liability for accrued interest on bonds until due and payable.

Independent School District No. 192
Reconciliation of the Statement of Revenues, Expenditures,
and changes in Fund Balances of Governmental Funds
to the Statement of Activities
Year Ended June 30, 2022

Net change in fund balances - total governmental funds \$ (4,210,398)

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.

Capital outlays	6,651,311
Depreciation expense	(9,324,005)
Amortization expense	(91,744)

Compensated absences are recognized as paid in the governmental funds but recognized as the expense is incurred in the Statement of Activities.

39,920

Principal payments on long-term debt are recognized as expenditures in the governmental funds but have no effect on net position in the Statement of Activities.

17,814,920

Governmental funds recognize OPEB contributions as expenditures at the time of payment whereas the Statement of Activities factors in items related to OPEB on a full accrual perspective.

68,974

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and thus requires use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

484,412

Governmental funds report the effects of bond premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

Net premium on new debt issuance and related amortization

1,813,753

The issuance of long-term debt provides current financial resources to governmental funds and has no effect on net position. These amounts are reported in the governmental funds as a source of financing. These amounts are not shown as revenues in the Statement of Activities, but rather constitute long-term liabilities in the Statement of Net Position.

Lease proceeds

(458,722)

The self-insured medical and dental internal service funds are used by management to charge the costs of the self insured plans. The increase in net position is reported within the governmental activities in the Statement of Activities.

124,406

Governmental funds recognize pension contributions as expenditures at the time of payment in the funds whereas the Statement of Activities factors in differences between actual and expected contributions and earnings on plan investments as well as changes in proportion.

3,062,417

Delinquent property taxes receivable will be collected in subsequent years, but are not available soon enough to pay for the current period's expenditures and, therefore, are unavailable in the funds.

AREA PUBLIC SCHOOLS

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District operates under a school board form of government for the purpose of providing educational services to individuals within the District areas. The governing body consists of a six member board elected by the voters of the District to serve four-year staggered terms.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

A. Reporting Entity

The basic financial statements present the District and its component units. The District includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate from such. Component units are legally separate organizations for which the elected officials of the District are financially accountable and are included within the basic financial statements of the District because of the significance of their operational or financial relationships with the District.

The District is considered financially accountable for a component unit if it appoints a voting majority of the organization's governing body and it is able to impose its will on the organization by significantly influencing the programs, projects, activities, or level of services performed or provided by the organization, or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on, the District.

As a result of applying the component unit definition criteria above, it has been determined the District has no component units.

The student activity accounts of the District are under board control and are not reported separately.

B. Basic Financial Statement Information

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The fiduciary funds are only reported in the Statement of Fiduciary Net Position and the Statement of Changes in Fiduciary Net Position at the fund financial statement level.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basic Financial Statement Information (Continued)

The District applies restricted resources first when an expense is incurred for a purpose for which both restricted and unrestricted net position are available. Depreciation expense that can be specifically identified by function is included in the direct expenses of that function. Depreciation expense relating to assets that serve multiple functions is presented as unallocated depreciation in the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. The effect of interfund activity has been removed from these statements.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Private Purpose Trust and Custodial Funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and Post Employment Benefits Irrevocable Trust Fund. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The Agency Fund is reported using the accrual basis of accounting. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner.

1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to *Minnesota Statutes* and accounting principles generally accepted in the United States of America. *Minnesota Statutes* include state aid funding formulas for specific years. Federal revenue is recorded in the year in which the related expenditure is made. Other revenue is considered available if collected within 60 days.

2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. The exceptions to this general rule are that interest and principal expenditures in the Debt Service Fund, compensated absences, and claims and judgments are recognized when payment is due.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

2. Recording of Expenditures (Continued)

The District applies restricted resources first when an expenditure is incurred for a purpose for which both restricted and unrestricted fund balances are available. Further, the District applies unrestricted funds in this order if various levels of fund balances exist: committed, assigned, and unassigned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Internal Service Fund is employee and District contributions. Operating expenses for proprietary funds include claims paid and administrative expense. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Description of Funds:

Major Funds:

General Fund – This fund is the basic operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and payment of, general obligation (G.O.) bond and state loan principal, interest, and related costs.

Capital Projects – Building Construction Fund – This fund is used to account for financial resources used for the acquisition or construction of major capital facilities authorized by bond issue.

Nonmajor Funds:

Food Service Special Revenue Fund – This fund is used to account for food service revenues and expenditures.

Community Service Special Revenue Fund – This fund is used to account for services provided to residents in the areas of community education, school readiness, early childhood, and family education, or other similar services.

Post Employment Benefits Debt Service Fund – This fund is used to record levy proceeds and the payment of the OPEB bond's principal and interest related costs.

Fiduciary Funds:

OPEB Trust Fund – This fund is used to account for the financial resources held by the District in a trustee capacity to be used by the District to pay OPEB benefits to employees.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

Description of Funds: (Continued)

Proprietary Funds:

Self Insured Medical Internal Service Fund – This fund is used to account for self-insured employee medical costs and related stop loss insurance.

Self Insured Dental Internal Service Fund – This fund is used to account for self-insured employee dental costs and related stop loss insurance.

D. Deposits and Investments

The District's total deposits and investments are comprised of two major components, each with its own set of legal and contractual provisions as described on the following pages.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments held by investment pools are measured at amortized cost.

District Governmental Funds

Cash and investments include balances from all funds that are combined and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the individual funds based on the average of month-end cash and investment balances. The investments of the capital projects building construction funds are not pooled and earnings on these investments are allocated directly to that fund.

Cash and investments at June 30, 2022, were comprised of deposits and shares in the Minnesota School District Liquid Asset Fund (MSDLAF), certificates of deposit, government securities, and shares in the Minnesota Trust (MNTrust) Term Series.

Minnesota Statutes authorizes the District to invest in obligations of the U.S. Treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, future contracts, repurchase and reverse repurchase agreements, and commercial paper of the highest quality with a maturity of no longer than 270 days.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Deposits and Investments (Continued)

District Governmental Funds (Continued)

In accordance with GASB Statement No. 79, the various MSDLAF and MNTrust securities are valued at amortized cost, which approximates fair value. There are no restrictions or limitations on withdrawals from the MSDLAF. Investments in the MSDLAF MAX must be deposited for a minimum of 14 calendar days with the exception of direct investments of funds distributed by the State of Minnesota. Withdrawals prior to the 14-day restriction period may be subject to a penalty and there is a 24 hour hold on all requests for redemptions. MSDLAF+ Term investments have a maturity of 60 days to one year and early withdrawal may result in substantial early redemption penalties. Seven days' notice of redemption is required for withdrawals of investments in the MNTrust Term Series withdrawn prior to the maturity date of that series. A penalty could be assessed as necessary to recoup the Series for any charges, losses, and other costs attributable to the early redemption.

Other Post Employment Benefits Trust Fund

These funds represent investments administered by the District's OPEB fund investment managers. As of June 30, 2022, they were comprised of mutual funds. The District's investment policy extends to the OPEB Trust Fund investments.

Minnesota Statutes authorize the OPEB Trust Fund to invest in obligations of the U.S. Treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, future contracts, corporate bonds, common stock and foreign stock of the highest quality, mutual funds, repurchase and reverse agreements, commercial paper of the highest quality with a maturity no longer than 270 days and in the State Board of Investments. Investments are stated at fair value.

E. Property Tax Receivable

Current property taxes receivable are recorded for taxes certified the previous December and collectible in the current calendar year, which have not been received by the District. Delinquent property taxes receivable represents uncollected taxes for the past six years and is deferred and included in the deferred inflows of resources section of the fund financial statements because they are not available to finance the operations of the District in the current year.

F. Property Taxes Levied for Subsequent Year's Expenditures

Property taxes levied for subsequent year's expenditures consist principally of property taxes levied in the current year which will be collected and recognized as revenue in the District's following year to properly match those revenues with the budgeted expenditures for which they were levied. This amount is equal to the amount levied by the School Board in December 2021, less various components and their related adjustments as mandated by the state. These portions of that levy were recognized as revenue in fiscal year 2022. The remaining portion of the levy will be recognized when measurable and available.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Inventories

Inventories of commodities donated directly by the U.S. Department of Agriculture are recorded at market value. Other inventories are stated at cost as determined on a first-in, first-out (FIFO) basis. Inventories are recorded as expenditures when consumed rather than when purchased.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are recorded as an expenditure at the time of consumption.

I. Property Taxes

The District levies its property tax during the month of December. December 28 is the last day the District can certify a tax levy to the County Auditor. Such taxes become a lien on January 1. The property tax is recorded as revenue when it becomes measurable and available. Dakota County is the collecting agency for the levy and remits the collections to the District three times a year. The Tax levy notice is mailed in March with the first half of the payment due on May 15 and the second half due on October 15. Delinquent collections for November and December are received the following January.

A portion of property taxes levied is paid by the State of Minnesota through various tax credits, which are included in revenue from state sources in the basic financial statements.

J. Capital Assets

Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements.

Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of five years. Such assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at its acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets lives are not capitalized.

Capital assets are depreciated or amortized using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation and amortization purposes. Useful lives vary from 20 to 50 years for land improvements and buildings and 5 to 15 years for equipment.

Capital assets not being depreciated include land. The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has two items that qualify for reporting in this category. Deferred outflows of resources related to pensions are reported in the government-wide Statement of Net Position. Deferred outflows of resources related to pensions and OPEB is recorded for various estimate differences that will be amortized and recognized over future years.

In addition to liabilities, the Statement of Financial Position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has five types of items which qualify for reporting in this category. The first item, unavailable revenue from property taxes, arises under a modified accrual basis of accounting and is reported only in the Governmental Funds Balance Sheet. Delinquent property taxes not collected within 60 days of year-end are deferred and recognized as an inflow of resources in the governmental funds in the period the amounts become available. The second item is property taxes levied for subsequent years, which represent property taxes received or reported as a receivable before the period for which the taxes are levied, and is reported as a deferred inflow of resources in both the government-wide Statement of Net Position and the Governmental Funds Balance Sheet. Property taxes levied for subsequent years are deferred and recognized as an inflow of resources in the government-wide financial statements in the year for which they are levied and in the governmental fund financial statements during the year for which they are levied, if available. Deferred inflows of resources related to pensions is recorded on the government-wide statements for various estimate differences that will be amortized and recognized over future years. The fourth, a deferred charge on refunding, results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt is recorded on the government-wide. The fifth, Deferred inflows of resources related to OPEB, is recorded for various estimate differences that will be amortized and recognized over future years.

L. Long-Term Obligations

In the government-wide financial statements long-term debt and other long term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as an expenditure/expense in the period the bond is issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Compensated Absences

1. Vacation and Sick Pay

Eligible District employees earn vacation based upon years of service according to the various contracts. Vacation must be used by August 31 of the following year in which it was earned. An employee who is unable to use their vacation may, with the agreement of their immediate supervisor and human resources, negotiate an extension of the time for unused vacation.

Substantially all District employees are entitled to sick leave at various rates. Employees are not compensated for unused sick leave upon termination of employment, unless taken in conjunction with severance pay as described in Note 1.N. Sick leave pay taken, including related benefits, is shown as an expenditure in the year paid.

N. Post Employment Severance Benefits

Post employment severance benefits consist of lump sum early retirement incentive payments.

1. Convertible Sick Leave

Certain bargaining unit members are eligible to be compensated for unused accumulated sick leave upon termination, subject to certain conditions. The amount of the retirement payment is calculated by converting a portion of accrued sick leave. An accrual is made in the governmental fund incurring the liability at the time of termination. The amount of yearly retirement incentive payment that is based on convertible sick leave is recorded as a liability in the Statement of Net Position as it is earned and when it becomes probable that it will vest at some point in the future.

O. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis, and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015.

P. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District and additions to/deductions from the District's fiduciary net position have been determined on the same basis as they are reported by the District. For this purpose, the District recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Fund Equity

In the fund financial statements, governmental funds report various levels of spending constraints.

- **Nonspendable Fund Balances** – These are amounts that cannot be spent because they are either not in spendable form as they are legally or contractually required to be maintained intact. They include items that are inherently unspendable, such as, but not limited to, inventories, prepaid items, long-term receivables, non-financial assets held for resale, or the permanent principal of endowment funds.
- **Restricted Fund Balances** – These amounts are comprised of funds that have legally enforceable constraints placed on their use that either are externally imposed by resource providers or creditors (such as through debt covenants), grantors, contributors, voters, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.
- **Committed Fund Balances** – These amounts are comprised of unrestricted funds used for specific purposes pursuant to constraints imposed by formal action of the School Board and that remain binding unless removed by the School Board by subsequent formal action. The formal action to commit a fund balance must occur prior to year-end; however, the specific amounts actually committed can be determined in the subsequent year.
- **Assigned Fund Balances** – These amounts are comprised of unrestricted funds constrained by the District's intent that they will be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. In funds other than the General Fund, the assigned fund balance represents the remaining amount that is not restricted or committed. The assigned fund balance category will cover the portion of a fund balance that reflects the District's intended use of those resources. The action to assign fund balance may be taken after the end of the year. The School board, by majority vote, may assign balances to be used for specific purposes. The board also delegated the power to assign fund balances to the Superintendent or designee.
- **Unassigned Fund Balances** – Residual amount in the General Fund not reported in any other classification, available for expenditure of any purpose. Also negative unassigned fund balance may be reported in other governmental funds if expenditures exceeded the restricted, committed, or assigned amounts available to those purposes.
- **Minimum Fund Balance** – The District will strive to maintain a minimum unassigned General Fund balance of 8-12% of the annual budget.

R. Net Position

Net position represents the difference between assets and deferred outflows of resources; and liabilities and deferred inflows of resources in the government-wide financial statements. Net investments in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net Position is reported as restricted in the government-wide financial statement when there are limitations on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of expenditures/expense during the reporting period. Actual results could differ from those estimates.

T. Budgetary Information

The District follows these procedures in establishing the budgetary data reflected in the basic financial statements:

1. Prior to July 1, the School Superintendent submits to the School Board, a proposed operating budget for the year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. The Superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the School Board.
3. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
4. Budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
5. Budgets are as originally adopted or as amended by the School Board. Budgeted expenditure appropriations lapse at year-end.

NOTE 2 – DEPOSITS AND INVESTMENTS

A. Deposits

In accordance with applicable *Minnesota Statutes*, the District maintains deposits at depository banks authorized by the School Board.

Custodial Credit Risk – Deposits: For a deposit, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a deposit policy that requires the District's deposits be collateralized as required by *Minnesota Statutes* for an amount exceeding federal deposit coverage. *Minnesota Statutes* require all deposits be protected by federal depository insurance, corporate surety bonds, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by Federal Deposit Insurance Corporation (FDIC) insurance or corporate surety bonds. As of June 30, 2022, the District had a bank balance of \$8,037,898.

Checking accounts	\$ 3,780,258
Cerficates of deposit	731,952
Cerficates of deposit - OPEB	725,000
Scholarship account	14,607
Petty cash	<u>1,677</u>
Total deposits	<u><u>\$ 5,253,494</u></u>

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments

District Funds Other than OPEB Trust Fund

As of June 30, 2022, the District had the following investments:

	Amount	Weighted Average Maturity (Years)	Credit Rating	Level
Brokered Money Market Accounts	\$ 26,403,072	N/A	N/A	N/A
Savings Deposit Accounts	5,007,047	N/A	N/A	N/A
Term Series	5,000,000	0.33	AAAm	N/A
U.S. Treasury Securities	1,948,464	N/A	N/A	2
MSDLAF + Liquid Class	770,758	N/A	AAAm	N/A
MSDLAF + Max Class	2	N/A	AAAm	N/A
	<u> </u>			
Total Investments	<u><u>\$ 39,129,343</u></u>			

At June 30, 2022, the District has a formal deposit and investment policy in place to address the following risks:

Credit Risk: This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. *Minnesota Statutes* 118A.04 and 118A.05 limit investments to the top two rating issued by nationally recognized statistical rating organizations. The District's investment policy limits investments to those specified in the above statutes. As of June 30, 2022, the District's investments in MSDLAF and MSDLAF+ Max were rated AAAm by Standard & Poor's (S&P). The District's investments in certificates of deposit are not rated.

Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of an investment in a single issuer. The District's investment policy states the District will diversify its investment to avoid incurring unreasonable risks inherent in over investing in specific instruments, individual financial institutions, or maturities. None of the District's investments were exposed to concentration of credit risk at June 30, 2022.

Interest Rate Risk: This is the risk that market value of securities will fall due to the changes in market interest rates. The District's policy states investment maturities should be scheduled to coincide with projected District cash flow needs, taking into account large routine or scheduled expenditures, as well as anticipated receipt dates of anticipated revenues. The policy also indicates investments shall be managed to attain a market rate of return through various economic and budgetary cycles, while preserving and protecting the capital in the investment portfolio and taking into account constraints on risk and cash flow requirements.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

District Funds Other than OPEB Trust Fund (Continued)

Custodial Credit Risk – Investments: This is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy on custodial credit risk states securities will be held in third party safekeeping by an institution designated as custodial agent. The custodial agent shall issue a safe keeping receipt to the District listing pertinent information related to the securities held.

1. OPEB Trust Fund

As of June 30, 2022, the market values, duration, and percent allocation of the District's OPEB Trust investments was as follows:

	Amount	Weighted Average Maturity (Years)	Credit Rating	Level
OPEB Investments				
Brokered Money Market Accounts	\$ 25,571	N/A	N/A	N/A
Municipal Bonds	896,051	0.67	Aa3	2
U.S. Treasury Securities	1,213,796	1.92	N/A	2
	<u>\$ 2,135,418</u>			

The District has the following recurring fair value measurements as of June 30, 2022:

- \$2,844,515 of investments are valued using a quoted market prices (Level 2 inputs)

C. Deposits and Investments

Summary of cash, deposits, and investments as of June 30, 2022:

2019A LTFM Bonds	06/13/19	3.00%-5.00%	9,220,000	02/01/27	8,380,000	395,000
2020A Refunding Bonds	01/07/20	5.00%	5,715,000	02/01/23	1,940,000	1,940,000
Plus Unamortized Premium					6,122,080	1,859,945
Total G.O. bonds					140,502,080	19,639,945
Finance purchase from direct borrowing					834,110	834,110
Lease liability					372,912	87,720
Compensated absences					779,527	695,108
 Total all long-term liabilities					\$ 142,488,629	\$ 21,256,883

The long-term bond liabilities listed above were issued to finance acquisition and construction of capital facilities or to refinance (refund) previous bond issues. The lease liability was issued to finance instructional equipment.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 4 – LONG-TERM DEBT (CONTINUED)

B. Changes in Long-Term Liabilities

	Beginning Balance	Change in Accounting Principle	Additions	Retirements	Ending Balance
Long-term liabilities					
G.O. bonds	\$ 151,275,000	\$ -	\$ -	\$ 16,895,000	\$ 134,380,000
Bond premiums	7,935,832	-	-	1,813,752	6,122,080
Finance purchase from direct borrowing	1,668,220	-	-	834,110	834,110
Lease liability	-	458,722	-	85,810	372,912
Compensated absences	819,447	758,447	758,447	798,367	779,527
	<u>\$ 161,698,499</u>	<u>\$ 1,217,169</u>	<u>\$ 758,447</u>	<u>\$ 20,427,039</u>	<u>\$ 142,488,629</u>

The General Fund typically liquidates the liability related to compensated absences. The Debt Service Funds typically liquidates the liability related to G.O. bonds and the Post-Employment Benefits. The General Fund typically liquidates the liability related to the lease.

C. Minimum Debt Payments for Bonds and Leases

Minimum annual principal and interest payments required to retire bond liabilities:

Year Ending June 30	G.O. Bonds		Total
	Principal	Interest	
2023	\$ 17,780,000	\$ 5,060,161	\$ 22,840,161
2024	17,330,000	4,233,175	21,563,175
2025	15,345,000	3,542,750	18,887,750
2026	16,550,000	2,888,794	19,438,794
2027	17,700,000	2,182,094	19,882,094
2028-2032	47,900,000	4,071,338	51,971,338
2033-2034	1,775,000	80,250	1,855,250
Total	<u>\$ 134,380,000</u>	<u>\$ 22,058,562</u>	<u>\$ 156,438,562</u>
Plus Net Bond Premium	<u>6,122,080</u>	<u>-</u>	<u>6,122,080</u>
Total	<u>\$ 140,502,080</u>	<u>\$ 22,058,562</u>	<u>\$ 162,560,642</u>

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 4 – LONG-TERM DEBT (CONTINUED)

C. Minimum Debt Payments for Bonds and Leases (Continued)

Year Ending June 30	Lease Liability		Total
	Principal	Interest	
2023	\$ 87,720	\$ 13,320	\$ 101,040
2024	91,294	9,746	101,040
2025	95,013	6,027	101,040
2026	98,885	2,155	101,040
Total	<u>\$ 372,912</u>	<u>\$ 31,248</u>	<u>\$ 404,160</u>

D. Finance Purchase from Direct Borrowing

The District entered into a finance purchase agreement on October 23, 2019, with Apple, Inc. for computer equipment. The finance purchase and corresponding capital assets totaled \$3,336,440. The lease agreement includes annual principal payments of \$834,110 with the final payment due on July 11, 2022. The agreement provides 0% interest. The lease liability at June 30, 2022, is \$834,110.

E. Lease Liability

The District entered into lease agreements for equipment. The lease agreements include annual principal and interest payments that are shown above. The discount rate for the lease liabilities is 4.0%.

NOTE 5 – FUND BALANCES/NET POSITION

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities or as required by other outside parties.

Fund Equity

Fund equity balances are classified as follows to reflect the limitations and restrictions of the respective funds.

Independent School District No. 192
Notes to Basic Financial Statements

Nonspendable for Inventory – This balance represents the portion of fund balance that is not available as amounts have already been spent on inventory.

Nonspendable for Prepaid Items – This balance represents the portion of fund balance that is not available as the amounts have already been spent by the District on items for the next year.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 5 – FUND BALANCES/NET POSITION (CONTINUED)

A. Restricted Fund Balance (Continued)

Restricted for Student Activities – This balance represents available resources to be used for the extracurricular activity funds raised by the students.

Restricted for Safe Schools – Crime Levy – The unspent resources available from the levy must be reserved in this account for future use.

Restricted for Staff Development – This balance represents unspent staff development revenues set aside from general education revenue that were restricted for staff development related to Finance Code 316. Expenditures for staff development must equal at least 2% of the basic general education revenue, unless stipulations are met (*Minnesota Statutes* 122A.61, subdivision 1).

Restricted for Medical Assistance – This balance represents available resources to be used for medical assistance expenditures (*Minnesota Statutes* 125A.21, subd. 3).

Restricted for Operating Capital – This balance represents available resources in the General Fund to be used to purchase equipment and facilities.

Restricted/Reserved for Basic Skills Programs – This balance represents resources available for the basic skills uses listed in *Minnesota Statutes* 126C.15, subd. 1.

Restricted for Long-term Facilities Maintenance (LTFM) – This balance represents available resources to be used for LTFM projects in accordance with the 10-year plan (*Minnesota Statutes* 123B.595, subd. 12).

Restricted for School Readiness – This balance represents the resources available to provide for services for school readiness programs. Related to Finance Code 344, School Readiness *Minnesota Statutes* 124D.16.

Restricted for Food Service – This balance represents the accumulation of the activity to provide the food service program.

Restricted for Community Service – This balance represents the positive fund balance of the Community Service Fund.

Restricted for Debt Service – This balance represents the resources available for the payment of G.O. bond principal, interest, and related costs.

Restricted for Capital Projects – This balance represents accumulated resources for capital projects.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 5 – FUND BALANCES/NET POSITION (CONTINUED)

A. Restricted Fund Balance (Continued)

Restricted for Community Education – This balance represents the resources available to provide programming such as: nonvocational, recreational and leisure time activities, programs for adults with disabilities, noncredit summer programs, adult basic education programs, youth development and youth service programming, early childhood and family education, and extended day programs. While the state mandates tracking this restriction regardless of whether it has a negative balance, accounting principles generally accepted in the United States of America do not permit a negative restricted presentation.

Restricted for Early Childhood and Family Education – This balance represents the resources available to provide for services for early childhood and family education programming. While the state mandates tracking this restriction regardless of whether it has a negative balance, accounting principles generally accepted in the United States of America do not permit a negative restricted presentation.

B. Net Position

Net Investment in Capital Assets – This amount represents the net book value of the District's capital assets less the balance of outstanding debt used to acquire them.

Restricted for Debt Service – This amount represents resources restricted for future debt service in accordance with bond covenants and other agreements.

Restricted for Other Purpose – This amount represents total positive General Fund restricted fund balances, plus the fund balances in the Community Service and Food Service Funds.

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

The District participates in various pension plans, total pension expense for the year ended June 30, 2022, was \$1,394,499. The components of pension expense are noted in the following plan summaries.

The General Fund typically liquidates the Liability related to the pensions.

Teachers' Retirement Association

A. Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with *Minnesota Statutes*, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those teachers employed by St. Paul Schools or Minnesota State Colleges and Universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Define Contribution Plan (DCR) administered by the Minnesota State.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

B. Benefits Provided

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by *Minnesota Statute* and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

Tier I Benefits

Tier 1	Step Rate Formula	Percentage
Basic	First ten years of service	2.2% per year
	All years after	2.7% per year
Coordinated	First ten years if service years are up to July 1, 2006	1.2% per year
	First ten years if service years are July 1, 2006, or after	1.4% per year
	All other years of service if service years are up to July 1, 2006	1.7% per year
	All other years of service if service years are July 1, 2006, or after	1.9% per year

With these provisions:

- Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- 3% per year early retirement reduction factor for all years under normal retirement age.
- Unreduced benefits for early retirement under a Rule of 90 (age plus allowable service equals 90 or more).

Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members is applied. For years of service July 1, 2006, and after, a level formula of 1.9% per year for Coordinated members and 2.7% for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under *Minnesota Statute*. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

B. Benefits Provided (Continued)

Tier II Benefits (Continued)

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

C. Contribution Rate

Per *Minnesota Statutes*, Chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year ended June 30, 2020, June 30, 2021, and June 30, 2022, were:

	<u>June 30, 2020</u>		<u>June 30, 2021</u>		<u>June 30, 2022</u>	
	<u>Employee</u>	<u>Employer</u>	<u>Employee</u>	<u>Employer</u>	<u>Employee</u>	<u>Employer</u>
Basic	11.0%	11.92%	11.0%	12.13%	11.0%	12.34%
Coordinated	7.5%	7.92%	7.5%	8.13%	7.5%	8.34%

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

C. Contribution Rate (Continued)

The following is a reconciliation of employer contributions in TRA's ACFR "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations. Amounts are reported in thousands.

Employer contributions reported in TRA's ACFR Statement of Changes in Fiduciary Net Position	\$ 448,829
Deduct employer contributions not related to future contribution efforts	379
Deduct TRA's contributions not included in allocation	<u>(538)</u>
Total employer contributions	448,670
Total non-employer contributions	<u>37,840</u>
Total contributions reported in <i>Schedule of Employer and Non-Employer Allocations</i>	<u><u>\$ 486,510</u></u>

Amounts reported in the allocation schedules may not precisely agree with basic financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

D. Actuarial Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information

Valuation date	July 1, 2021
Measurement date	June 30, 2021
Experience study	June 5, 2019 (demographic assumptions) November 6, 2017 (economic assumptions)
Actuarial cost method	Entry Age Normal
Actuarial assumptions	
Investment rate of return	7.00%
Price inflation	2.50%
Wage growth rate	2.85% before July 1, 2028, and 3.25% thereafter
Projected salary increase	2.85% to 8.85% before July 1, 2028, and 3.25% to 9.25% thereafter
Cost of living adjustment	1.0% for January 2020 through January 2023, then increasing by 0.1% each year up to 1.5% annually.

Mortality Assumptions

Pre-retirement	RP 2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP 2015 scale.
Post-retirement	RP 2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projections uses the MP 2015 scale.
Post-disability	RP 2014 disabled retiree mortality table, without adjustment.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

D. Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic stocks	35.5 %	5.10 %
International stocks	16.5	5.30
Fixed income	25.0	0.75
Private markets	25.0	5.90
Total	<u>100.0 %</u>	

The TRA actuary has determined the average of the expected remaining services lives of all members for fiscal year 2022 is six years. The "Difference Between Expected and Actual Experience," "Changes of Assumptions," and "Changes in Proportion" use the amortization period of six years in the schedule presented. The amortization period for "Net Difference between Projected and Actual Investment Earnings on Pension Plan Investments" is over a period of five years as required by GASB 68.

Changes in actuarial assumptions since the 2020 valuation:

- The investment return assumption was changed from 7.5% to 7.0%.

E. Discount Rate

The discount rate used to measure the total pension liability was 7.0%. The discount rate used to measure the total pension liability at the prior measurement date was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2021 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

F. Net Pension Liability

On June 30, 2022, the District reported a liability of \$30,966,692 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis, and Minneapolis School District. District proportionate share was 0.7076% at the end of the measurement period and 0.7089% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid and total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of net pension liability	\$ 30,966,692
State's proportionate share of the net pension liability associated with the District	2,611,768

For the year ended June 30, 2022, the District recognized pension expense of \$1,404,333. Included in this amount, the District recognized \$(29,244) as pension expense for the support provided by direct aid.

On June 30, 2022, the District had deferred resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 840,259	\$ 864,180
Net difference between projected and actual earnings on plan investment	-	25,934,598
Changes of assumptions	11,348,186	27,008,699
Changes in proportion	2,857,594	80,038
Contributions to TRA subsequent to the measurement date	3,642,307	-
Total	\$ 18,688,346	\$ 53,887,515

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

F. Net Pension Liability (Continued)

The \$3,642,307 reported as deferred outflows of resources related to pensions resulting from District contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023.

Other amounts reported as deferred outflows of resources and (deferred inflows of resources) will be recognized in pension expense as follows:

Year Ended June 30,	Pension Expense Amount
2023	\$ (18,078,850)
2024	(14,842,347)
2025	(3,498,190)
2026	(4,591,916)
2027	2,169,827
Total	\$ (38,841,476)

G. Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.0% as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percent lower (6.0%) and 1 percent higher (8.0%) than the current rate.

District proportionate share of NPL		
1% Decrease in Discount Rate (6.00%)	Current Discount Rate (7.00%)	1% Increase in Discount Rate (8.00%)
\$ 62,554,225	\$ 30,966,692	\$ 5,062,397

The District's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis, and Minneapolis School District.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Teachers' Retirement Association (Continued)

H. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That can be obtained at www.MinnesotaTRA.org, or by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000, or by calling (651) 296-2409 or (800) 657-3669.

Public Employees' Retirement Association

A. Plan Description

The District participates in the following cost-sharing multiple-employer defined benefit pension plan administered by PERA. PERA's defined benefit pension plan is established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plan is tax qualified plan under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

The General Employees Retirement Plan covers certain full time and part time employees of the District. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1 the annuity accrual rate for a Coordinated Plan member is 1.2% for each of the first 10 years of service 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Public Employees' Retirement Association (Continued)

B. Benefits Provided (Continued)

General Employees Plan Benefits (Continued)

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1.0% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

C. Contributions

Minnesota Statutes Chapter 353 set the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.5% of their annual covered salary in fiscal year 2022 and the District was required to contribute 7.5% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2022, were \$828,538. The District's contributions were equal to the required contributions as set by state statute.

D. Pension Costs

General Employees Fund Pension Costs

At June 30, 2022, the District reported a liability of \$6,217,772 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$189,819.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Public Employees' Retirement Association (Continued)

D. Pension Costs (Continued)

General Employees Fund Pension Costs (Continued)

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2020, through June 30, 2021, relative to the total employer contributions received from all of PERA's participating employers. The District's proportionate share was 0.1456% at the end of the measurement period and 0.1483% for the beginning of the period.

School's proportionate share of net pension liability	\$ 6,217,772
State of Minnesota's proportionate share of the net pension liability associated with the School	<u>189,819</u>
Total	<u><u>\$ 6,407,591</u></u>

For the year ended June 30, 2022, the District recognized pension expense of \$(9,834) for its proportionate share of the General Employees Plan's pension expense. Included in this amount, the District recognized an additional \$15,315 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At June 30, 2022, the District reported its proportionate share of deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the sources on the following page.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 37,202	\$ 190,690
Changes in actuarial assumptions	3,796,443	138,139
Difference between projected and actual investments earnings	-	5,376,693
Change in proportion	179,686	208,782
Contributions paid to PERA subsequent to the measurement date	<u>828,538</u>	<u>-</u>
Total	<u><u>\$ 4,841,869</u></u>	<u><u>\$ 5,914,304</u></u>

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Public Employees' Retirement Association (Continued)

D. Pension Costs (Continued)

General Employees Fund Pension Costs (Continued)

The \$828,538 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Pension Expense Amount
2023	\$ (305,742)
2024	(41,500)
2025	(84,991)
2026	(1,468,740)
Total	\$ (1,900,973)

E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Final Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	33.0 %	5.10 %
International stocks	16.5	5.30
Fixed income	25.0	0.75
Private markets	25.0	5.90
Total	100.0 %	

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Public Employees' Retirement Association (Continued)

F. Actuarial Methods and Assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5%. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5% was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25% for the General Employees Plan. Benefit increases after retirement are assumed to be 1.25% for the General Employees.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3.0% after 29 years of service and 6.0% per year thereafter.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The table is adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020, actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2021:

General Employees Fund

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- The mortality improvement scale was changed from scale MP-2019 to scale MP-2020.

Changes in Plan Provisions

- There have been no changes since the previous valuation.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 6 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

Public Employees' Retirement Association (Continued)

G. Discount Rates

The discount rate used to measure the total pension liability in 2021 was 6.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in *Minnesota Statutes*. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Pension Liability Sensitivity

The following table presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (6.5%)	Current Discount Rate (7.5%)	1% Increase in Discount Rate (8.5%)
District's proportionate share of the PERA net pension liability	\$ 12,681,082	\$ 6,217,772	\$ 914,233

I. Pension Plan Fiduciary Net Position

Detailed information about the General Employees Fund's fiduciary net position is available in a separately-issued PERA financial report that includes the basic financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

NOTE 7 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to employees for which the District carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three years. There were no significant reductions in the District's insurance coverage during the year ending June 30, 2022.

All funds of the District participate in the Dental Self-Insurance program. Based on the requirements of GASB Statement No. 10, a liability is reported if information prior to the issuance of the basic financial statements indicates it is probable a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. The District self-insures for dental coverage up to certain limits. A stop-loss policy was purchased that limits the District's loss to \$1,000 per incident. The total claims liability reported in the fund at June 30, 2022, was \$11,835 and included amounts for known claims and for estimated incurred but not reported claims. These estimates are determined based on the probability a loss has occurred and the amount of the loss can be reasonably estimated.

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 7 – RISK MANAGEMENT (CONTINUED)

Changes in the fund's claims liability amounts for the past three years are as listed:

Year	Beginning Balance	Claims Expense and Estimates	Claims Payments	Ending Balance
2020	\$ 8,089	\$ 448,895	\$ 449,733	\$ 7,251
2021	7,251	535,263	532,121	10,393
2022	10,393	559,955	558,513	11,835

Beginning in 2014, the District has provided a health care self-insurance program. Under this program, the fund provides up to a maximum of \$125,000 for each health claim. All funds of the District participate in this program and make payments to the Health Insurance Internal Service Fund. Based on the requirements of GASB Statement No. 10, a liability is reported if information prior to the issuance of the basic financial statements indicates it is probable a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. A stop-loss policy was purchased that limits the District's loss to 125% of premiums. The total claims liability reported in the fund at June 30, 2022, was \$665,572 which is comprised of the liability for known claims as well as an estimate for claims incurred but not yet reported.

Changes in the fund's claims liability amounts since inception of the fund are as follows:

Year	Beginning Balance	Claims Expense and Estimates	Claims Payments	Ending Balance
2020	\$ 673,160	\$ 7,718,712	\$ 7,846,667	\$ 545,205
2021	545,205	10,263,843	10,320,494	488,554
2022	488,554	9,578,621	9,401,603	665,572

NOTE 8 – POST EMPLOYMENT HEALTH CARE PLAN

A. Plan Description

The District's defined benefit OPEB plan provides a single-employer defined benefit health care plan to eligible retirees. The plan offers medical coverage. Medical coverage is administered by PreferredOne. It is the District's policy to periodically review its medical coverage and to obtain requests for proposals in order to provide the most favorable benefits and premiums for District employees and retirees.

B. Benefits Provided

Under the terms of collectively bargained employment contracts, the District is required to pay the health and dental insurance premiums for Plan C for retired employees until they reach the age 65 up to a maximum of ten years. For employees meeting a certain length of service experience requirements, the amounts to be paid is equal to the same insurance premium benefit as a full-time employee in the retiring employee's respective bargaining unit. The General Fund, Food Service Fund, and Community Service Fund typically liquidate the Liability related to OPEB.

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 8 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

C. Members

As of July 1, 2020 the following were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	117
Active employees	804
Total	921

D. Contributions

Retirees and their spouses contribute to the health care plan at the same rate as District employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the District, based on the contract terms with PreferredOne. The required contributions are based on projected pay-as-you-go financing requirements. For fiscal year 2022, the District contributed \$966,132 to the plan.

E. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation measured as of June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Key Methods and Assumptions Used in Valuation of Total OPEB Liability

Investment rate of return	3.80%, net of investment expense
Salary increases	Service graded table
Inflation	2.50%
Healthcare cost trend increases	6.25% in 2021 grading to 5.00% over 5 years and then to 4.00% over the next 48 years
 Mortality Assumption	 Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2019 Generational Improvement Scale

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2021 – June 30, 2022.

Changes in actuarial assumptions for the fiscal year ending June 30, 2022:

- The expected long-term return investment return was changed from 2.40% to 4.00%.
- The discount rate was changed from 2.10% to 3.80%

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 8 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

E. Actuarial Assumptions (Continued)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the table on the following page.

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed income	95.0 %	4.0 %
Cash	5.0	3.0
Total	100.0 %	4.0 %

The details of the investments and the investment policy are described in Note 3. of the District's basic financial statements. For the year ended June 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was (1.40%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

F. Discount Rate

The discount rate used to measure the total OPEB liability was 3.80%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Plan fiduciary net position as a percentage of the total OPEB liability 15.13%

H. OPEB Liability Sensitivity

The following presents the District's net OPEB liability calculated using the discount rate of 3.80% as well as the liability measured using 1 percent lower and 1 percent higher than the current discount rate.

	1% Decrease in Discount Rate (2.80%)	Current Discount Rate (3.80%)	1% Increase in Discount Rate (4.80%)
Net OPEB liability (asset)	\$ 16,440,947	\$ 15,091,084	\$ 13,821,911

**Independent School District No. 192
Notes to Basic Financial Statements**

NOTE 8 – POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

H. OPEB Liability Sensitivity (Continued)

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percent lower and 1 percent higher than the current healthcare cost trend rates.

	1% decrease (5.25% decreasing to 4.00%)	Current (6.25% decreasing to 5.00%)	1% increase (7.25% decreasing to 6.00%)
Net OPEB liability (asset)	\$ 13,010,534	\$ 15,091,084	\$ 17,531,106

**I. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources
Related to OPEB**

For the year ended June 30, 2022, the District recognized OPEB expense of \$897,158. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Liability losses	\$ 728,961	\$ -
Investment gains/losses	152,267	-
Changes of assumptions	850,116	2,305,250
Total	\$ 1,731,344	\$ 2,305,250

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Total
2023	\$ (34,215)
2024	(36,795)
2025	(44,243)
2026	52,245
2027	(63,056)
Thereafter	(447,842)
Total	\$ (573,906)

Independent School District No. 192
Notes to Basic Financial Statements

NOTE 9 – COMMITMENTS

As of June 30, 2022, the District had various commitments with contractors totaling \$2,455,551 for building and construction activity.

NOTE 10 – CHANGE IN ACCOUNTING PRINCIPLE

The District has adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. This resulted in the District recognizing leased assets and lease liability and also resulted in certain capital leases being reclassified to finance purchases from direct borrowing.

NOTE 11 – GASB STANDARDS ISSUED BUT NOT YET IMPLEMENTED

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* establishes that a Subscription-Based Information Technology Arrangement (SBITA) results in a right-to-use subscription asset and a corresponding liability. Under this statement, a governmental entity generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. This statement will be effective for the year ending June 30, 2023.

Independent School District No. 192
Notes to the Required Supplementary Information

TRA Retirement Fund

2021 Changes

Changes in Actuarial Assumptions

- The investment return assumption was changed from 7.5% to 7.0%.

2020 Changes

Changes in Actuarial Assumptions

- Assumed termination rates were changed to more closely reflect actual experience.
- The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP 2015 scale.
- Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

2019 Changes

Changes in Actuarial Assumptions

- None

2018 Changes

Changes in Actuarial Assumptions

- The discount rate was increased to 7.5% from 5.12%.
- The cost of living adjustment (COLA) was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% on January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019, and ending July 1, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to 0.0% beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers was reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next six years (7.71% in 2018, 7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

2017 Changes

Changes in Actuarial Assumptions

- The discount rate was increased to 5.12% from 4.66%.

Independent School District No. 192
Notes to the Required Supplementary Information

TRA Retirement Fund (Continued)

2017 Changes (Continued)

Changes in Actuarial Assumptions (Continued)

- The cost of living adjustment (COLA) was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2045.
- The COLA was not assumed to increase to 2.5% but remain at 2.0% for all future years.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4% to 0.0%, the vested inactive load increased from 4.0% to 7.0% and the non-vested inactive load increased from 4.0% to 9.0%.
- The investment return assumption was changed from 8.0% to 7.5%.
- The price inflation assumption was lowered from 2.75% to 2.5%.
- The payroll growth assumption was lowered from 2.5% to 3.0%.
- The general wage growth assumption was lowered from 3.5% to 2.85% for ten years followed by 3.25% thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.

2016 Changes

Changes in Actuarial Assumptions

- The discount rate was decreased to 4.66% from 8.0%.
- The COLA was not assumed to increase for funding or the GASB calculation. It remained at 2% for all future years.
- The price inflation assumption was lowered from 3% to 2.75%.
- The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.
- Minor changes as some durations for the merit scale of the salary increase assumption.
- The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back six years and female rates set back five years. Generational projection uses the MP 2015 scale.
- The post-retirement mortality assumption was changed to the RP 2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP 2015 scale.
- The post-disability mortality assumption was changed to the RP 2014 disabled retiree mortality table, without adjustment.
- Separate retirement assumptions for members hired before or after July 1, 1989, were created to better reflect each group's behavior in light of different requirements for retirement eligibility.
- Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.
- A minor adjustment and simplification of the assumption regarding the election of optional form of annuity payment at retirement were made.

2015 Changes

Changes of Benefit Terms

- The DTRFA was merged into TRA on June 30, 2015.

Independent School District No. 192
Notes to the Required Supplementary Information

TRA Retirement Fund (Continued)

2015 Changes (Continued)

Changes in Actuarial Assumption

- The annual COLA for the June 30, 2015, valuation assumed 2%. The prior year valuation used 2% with an increase to 2.5% commencing in 2034. The discount rate used to measure the total pension liability was 8.0%. This is a decrease from the discount rate at the prior measurement date of 8.25%.

Independent School District No. 192
Notes to the Required Supplementary Information

General Employees Fund

2021 Changes

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- The mortality improvement scale was changed from scale MP-2019 to scale MP-2020.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2020 Changes

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.5% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.0%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019, experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019, experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019, experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019, experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the Pub-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint and Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint and Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions

- Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023, and 0.0% thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019 Changes

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2017 to MP-2018.

Independent School District No. 192
Notes to the Required Supplementary Information

General Employees Fund (Continued)

2019 Changes (Continued)

Changes in Plan Provisions

- The employer supplemental contribution was changed prospectively, decreasing from \$31 million to \$21 million per year. The State's special funding contribution was changes prospectively, requiring \$16 million due per year through 2031.

2018 Changes

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.0% per year through 2044 and 2.5% per year thereafter to 1.25% per year.

Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0% to 3.0%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.0%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.0% per year with a provision to increase to 2.5% upon attainment of 90% funding ratio to 50% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.5%, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age. Does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017 Changes

Changes in Actuarial Assumptions

- The CSA loads were changed from 0.8% for active members and 60% for vested and non-vested deferred members. The revised CSA loads are now 0.0% for active member liability, 15% for vested deferred member liability and 3% for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5% per year thereafter.

Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The State's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

Independent School District No. 192
Notes to the Required Supplementary Information

General Employees Fund (Continued)

2016 Changes

Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, the inflation was decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2015 Changes

Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

Changes in Plan Provisions

- On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

Independent School District No. 192
Notes to the Required Supplementary Information

Post-Employment Health Care Plan

2022 Changes

Changes in Actuarial Assumptions

- The expected long-term investment return was changed from 2.40% to 4.00%.
- The discount rate was changed from 2.10% to 3.80%.

2021 Changes

Changes in Actuarial Assumptions

- The expected long-term investment return was changed from 2.90% to 2.40%.
- The discount rate was changed from 2.40% to 2.10%.

2020 Changes

Changes in Actuarial Assumptions

- The expected long-term investment return was changed from 2.50% to 2.90%.
- The discount rate was changed from 3.10% to 2.40%.

2019 Changes

Changes in Actuarial Assumptions

- The health care trend rates and mortality tables were updated.
- The expected long-term investment return was changed from 1.30% to 2.50%.
- The discount rate was changed from 3.40% to 3.10%.

2018 Changes

Changes in Actuarial Assumptions

- The discount rate was changed from 2.8% to 3.4%.

**Independent School District No. 192
Statistical Section (Unaudited)**

III. Statistical Section (Unaudited)

This part of the Independent School District No. 192's annual comprehensive financial report presents detailed information as a context for understanding what the information in the basic financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	114
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	122
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	128
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	134
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	137

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note 1: Delinquent taxes receivable are written off after seven years. The amount of collections has been adjusted to reflect the write-off of delinquent taxes receivable.

Note 2: A portion of the total tax levy is paid through various property tax credits which are paid through state aids.

Note 3: Property taxes are remitted to the District based on a calendar year, the amount stated represents collections through the District's year end of June 30.

Direct and Overlapping Governmental Activities Debt
Last Ten Years
Last Ten Fiscal Years

Governmental Unit	Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt Repaid with Property Taxes			
City of Farmington	\$ 10,720,000	99.98%	\$ 10,717,856
City of Lakeville	103,795,000	8.69%	9,019,786
Metropolitan Council	218,520,000	6.85%	14,968,620
Town of Empire	1,985,000	85.57%	1,698,565
Subtotal, overlapping debt	335,020,000		36,404,826
Independent School District No. 192 - Direct Debt	134,380,000	100.00%	<u>134,380,000</u>
Total direct and overlapping debt			<u><u>\$ 170,784,826</u></u>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognizes that, when considering the government's ability of issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government. Debt outstanding for Dakota County, Metropolitan Council, town

Dakota County has no applicable outstanding debt to include—they called their 2007 bonds in 2016 of empire and the cities of Farmington and Lakeville is as of August 2016.

Town of Empire-issued new debt
